FAITHFUL FRIENDS

PET MEMORIAL SERVICES

Pet Urns & Memorial Items Catalogue

"I'll be there watching over you,
Your ever faithful friend, And
in your memories I'll run,
...a young dog once again."

We at Faithful Friends Pet Memorial Services understand losing a special friend comes with great emotion and that after care is as important a step in life as when you brought your little friend home for the first time. Believing and understanding this process is what sets Faithful Friends Pet Memorial Services apart.

Faithful Friends Pet Memorial Services was founded on the belief that your beloved pet deserves the same care, dignity and compassion in after care as your human family and friends. That is why we are extending a helping hand to you, our friends, new and old.

We offer a wide selection of urns, chests and memorial items in every price point. Many of our items can be engraved with your pet's name or a loving thought.

ECO PIGMENT AND ECO SAND URNS

Crafted from biodegradable clay, the Eco urns beautifully blends nature and remembrance. Each urn features an engraved pet paw print on top, adding a personal and heartfelt touch. Its eco-friendly design honors your pet's memory while respecting the environment, making it a meaningful tribute for those who cherish sustainability and lasting sentiment. These urns are biodegradable in water and if buried. In water they will dissolve in about 40 minutes and if buried depends very much on the moisture in the soil. Features a Lid on top - to be glued, ensuring a secure seal, and includes a presentation bag. It comes with an exclusive Hydrosoluble that protects its beauty for generations.

Scattering Tubes

Scattering Tubes are a perfect alternative to the metal tins and plastic boxes often used for urns. The scattering process is simplified by our cutting edge engineering and design. The tubes are durable, dignified and easy to use. Each features a convenient, removable lid and an industry-first, perforated "push-in" tab (that opens easily prior to scattering. They are produced from over 80% recycled content, contain no metal or plastic components and can be recycled or composted after use.
